

We build on a foundation *of Trust*

Finding a trustworthy remodeling contractor that truly values your input can be difficult.

At Titus Contracting, we get it. We know what it feels like to not be heard, miss deadlines and experience budget overruns. We also understand the importance of clear communication. That's why we utilize the latest construction management software that keeps you updated daily on your project's timeline and budget.

With over 35 Years of experience, Titus Contracting has the knowledge and top talent in the construction industry to handle your residential and commercial remodeling projects.

“

We would most definitely recommend Titus for any home remodeling project, great people, great communication and great work. We now have our dream kitchen.

”

Building Excellence **fueled by your dreams**

The Titus Contracting team looks at each home as unique and as a reflection of each clients' personality. Our existence is fueled by the process of turning client's construction dreams into reality. Every project becomes an opportunity to not only create a quality project with the best materials within budget, but allows us to build trusting, long-lasting relationships which is the heart of Titus Contracting. Our core values of honesty, integrity, faith, quality and pride in our work are what inspires us as we serve our clients during the construction process.

We protect what matters most™

Residential Services

Kitchens

A stylish and thoughtfully designed kitchen invites friends and families to bond around tasty food and tastier drinks. We love giving our clients so much more than elegant countertops, chic cabinets, and a striking backsplash. We're offering them a space where they can connect with something eternal.

Bathrooms

If your bathrooms are sending outdated vibes, it might be time to call Titus Contracting to discuss your renovation options. With the right materials, fixtures, and lighting, a bathroom can be transformed into a bright, relaxing, spa-like space.

Additions

Maybe your family is growing. Maybe your mother-in-law is moving in. Whatever the case, adding square footage to your home is usually less draining—physically and financially—than buying a new house. You can customize your add-on to meet your precise specifications.

Exteriors

The exterior of your home is a reflection of your unique style as a homeowner. At Titus Contracting, our expert designers, sales staff, and production teams will work directly with you to design, develop, and deliver a remarkable home exterior that looks and functions exactly as you envision.

Basements & Lower Levels

At Titus Contracting, we specialize in transforming basements and lower levels into functional and stylish spaces that enhance your home. Our remodeling services range from creating cozy family rooms and home theaters to designing efficient home offices and luxurious guest suites.

Commercial Services

When a commercial space is uninviting and uninspiring, it drives away potential customers and diminishes employee morale. But a commercial setting that's pleasing to the eye can uplift the spirit. At Titus Contracting, our goal is to create comfortable workplaces that help you attract new business and new talent.

Retail/Tenant Build Out

Sadly, retailers often come and go in certain locations. What was a big-box store yesterday might be a grocery store today, which could become a furniture store tomorrow. Every one of those retailers has specific requirements for the interior of that building. We can design and build out those spaces so they feel tailor-made to each client.

Restaurant & Retail Remodeling

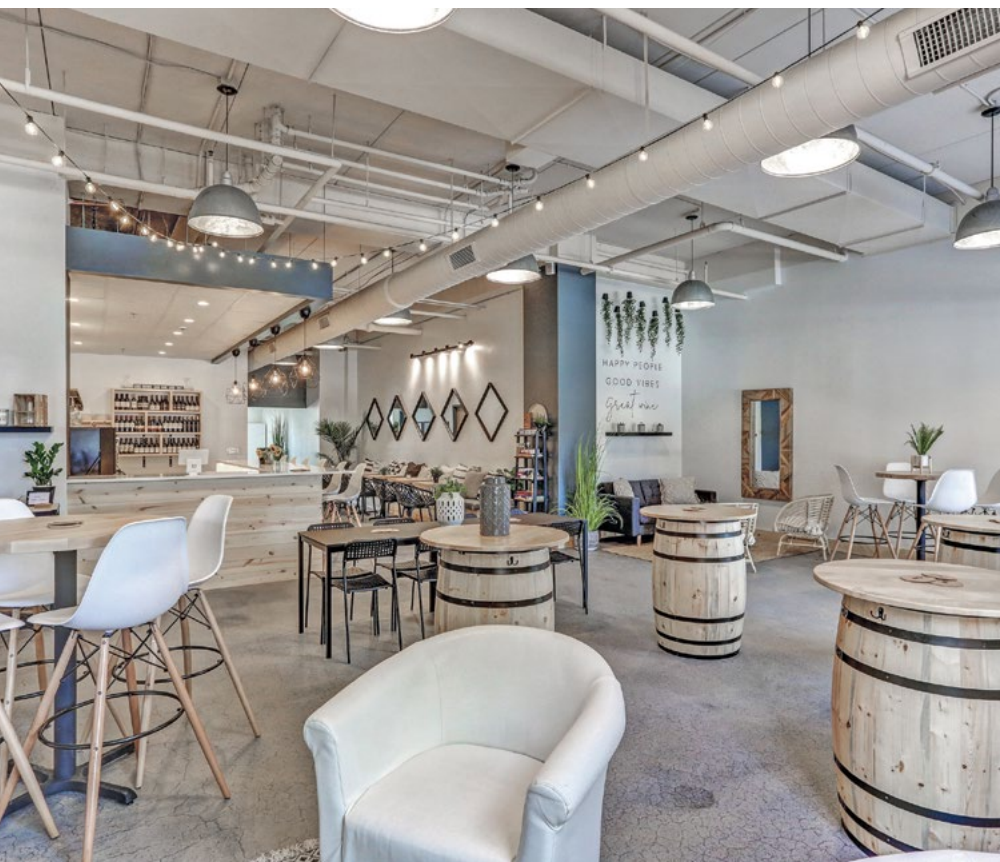

A commercial remodel or renovation through Titus Contracting can help you increase cash flow and decrease operating costs. Energy-efficient lighting and other upgrades in workplace functionality lower your overhead costs. Improved traffic to your business grows your profits. That's a sound return on investment.

Interior Build Out

It's been said (too many times) that location is everything for a business, but that's really only half the truth. Sometimes that perfect location is in a building whose interior needs to be built out so that it suits the needs of a company. Titus Contracting can help your business create an interior space that's as prime as your new real estate.

Other Services Include:

- Commercial Bathroom Remodeling
- Multi-Family / Apartment Remodeling & Additions
- Fitness Center Construction
- Medical Office Build Out

Scandia Custom Cabinets

Together our team brings over 150 years of combined experience. Scandia's start to finish processes and attention to detail, combined with the use of state-of-the-art equipment, separate us from the rest.

**Make the Rest of Your Life...
The *BEST* of Your Life.**

Life Rebuilders is a non-profit Faith-based organization that exists to provide housing and programs for adult men and women.

We offer short and long-term housing for those who have been released from prison, treatment centers, or who are homeless. Designed to serve those who desire to break free from the shackles of addiction and the “free-fall” associated with drug & alcohol abuse and other life-controlling issues.

We provide comprehensive life skills, coaching, support, and supervision while providing a balanced mix of structure and freedom for our residents to mold a new life and become productive members of our community. The goal is to prepare the resident to live independently as a changed, redeemed person.
